

## EXTRACURRICULAR ACTIVITIES

Students at our Faculty don't just study and sit in classes all day. Since it is a smaller institution, we get to know each other on a more personal level. Every week on a Thursday during the semester the students and the professors gather in the Chapel at the Faculty to celebrate Mass and share some pizza afterwards.

At the beginning of the academic year in October we celebrate »Kostanjev piknik« - »Chestnut picnic.« We celebrate St. Nicholas day on December 6 every year, receiving small gifts and words of wisdom from him.

During Advent season, you can expect the students and the professors in the halls during the break reading a passage from Scripture and singing songs together.

Our student organization Človek sem (I am human) is working hard to give the students an opportunity to meet outside the classroom and participate in interesting activities such as charity lottery, teatime, ice skating, bowling, writing letters to the elderly, making Christmas ornaments and cards. You can find them on Instagram: [https://www.instagram.com/cloveksem\\_teof/](https://www.instagram.com/cloveksem_teof/)

For the summer semester we take one whole day without lectures called »Dan TEOF« (»Day of Faculty of Theology«) to have morning Mass at Rakovnik, followed by a picnic, good company, volleyball, basketball and football tournament, table tennis and other games.
